Upgrading from inefficient storage heaters to new efficient storage heaters (without Solar PV)	✗	✗

Three different qualifying routes via your **Local Authority**:

1. **NHS Referral** for health conditions related to limited mobility / cardiovascular / respiratory / immunosuppressed, **OR**
2. **Low Income** where household earns **less than £31,000** (before tax), **OR**
3. **Qualifying Benefits** where someone in the household is in receipt of means tested benefits, such as Pension Credit, Tax Credits, Universal Credit, ESA, JSA

If you qualify, you will get all of this fitted FREE OF CHARGE:

- ✓ **Dimplex Quantum high heat retention storage heaters**
- ✓ **Solar PV** (freehold properties only)
- ✓ **Loft and cavity wall insulation** (if needed)

Why is it FREE?

Under the Government's newly launched ECO4 Scheme, there is a huge push on helping to lower energy bills across the UK, where there is £1 billion worth of funding per year.

Don't just take our word for it – do a google search for your **Local Authority** followed by "ECO4 Statement of Intent" e.g. "Sheffield City Council ECO4 Statement of Intent"
